

SUBJECT: ENVIRONMENTAL MANAGEMENT

SECTION NO: 208
REV. A

I. PURPOSE

To commit Fairchild Controls Corporation to environmental compliance and provide a framework for setting measurable improvement and achievable environmental objectives while conducting our operations.

II. POLICY STATEMENT

Fairchild Controls Corporation is committed to a clean, healthy environment. We will provide our customers with safe and reliable products and responsive service in an environmentally sensitive and responsible manner. We believe that sound environmental policy contributes to our competitive strength and benefits our customers, shareholders, and employees by contributing to the overall well-being and economic health of the community we serve.

FCC will:

- A: Comply fully with environmental laws and regulations.
- B: Consider environmental factors and the full acquisition, use and disposal costs when making planning, purchasing and operational decisions about our products or processes.
- C: Work continuously to improve the effectiveness of our environmental management.
- D: Provide appropriate environmental training and educate employees to be environmentally responsible.
- E: Monitor our environmental performance regularly through rigorous evaluations.
- F: Seek to prevent pollution before it is produced, reduce the amount of waste at our facility, and support pollution prevention by our customers and suppliers.
- G: Use energy efficiently throughout our operations, and support the efficient use of energy by our suppliers.
- H: Re-use and recycle whenever possible.
- I: Use environmentally preferred materials.
- J: Work cooperatively with others to further common environmental objectives, including contractors and suppliers.
- K: Communicate and reinforce this policy throughout the company.
